EXHIBIT E

SUMMARY OF THE CONTRACTUAL ASSURANCES BY THE DEVELOPER AND OF THE COMPREHENSIVE FEASIBILITY ANALYSIS

Contractual Assurances

The Governing Body of the City of El Dorado, Kansas is expected to enter into a development agreement with Frontier Development Group LLC, the developer. This agreement, as supplemented and amended, is expected to include the project construction schedule, a description of projects to be constructed, financial obligations of the developer and financial and administrative support from the City of El Dorado, Kansas, if any.

Feasibility Study

The developer has conducted a study to determine whether the public benefits derived from the District will exceed the costs and that the income from the District, together with other sources of revenue provided by the developer, would be sufficient to pay for the public improvements to be undertaken in the District. The analysis estimates the property tax revenues that will be generated from the development, less existing property taxes, to determine the revenue stream available to support the costs of the public infrastructure. No public infrastructure costs are anticipated. The estimates indicate that the revenue realized from the project together with other sources of developer funds would be adequate to pay the eligible costs.
